

## Agent Update

### *An Update From BlueChoice HealthPlan Sales/Marketing*

**July 1, 2009**

#### FIRST SUN EAP BENEFITS NOW STANDARD WITH CarolinaADVANTAGE PLANS

BlueChoice HealthPlan is pleased to announce an expansion in its benefits. Effective immediately, First Sun Employee Assistance Program (EAP) is included as a standard benefit on all CarolinaADVANTAGE plans. First Sun EAP is a separate company that does not offer BlueChoice HealthPlan products. These services are offered by First Sun EAP, not BlueChoice HealthPlan. BlueChoice HealthPlan has no responsibility for these services.

First Sun EAP is the leading provider of employee assistance services in South Carolina. It provides a broad array of services designed to help employees and their families be successful at work and home.

With their CarolinaADVANTAGE coverage, each employee and eligible family member can get three free face-to-face counseling sessions and three free telephonic work-life sessions per calendar year. Counseling sessions include assistance with depression, stress, anxiety, substance abuse, marital problems and family problems. Work-life sessions include assistance with legal concerns, eldercare, childcare, adoption and school/college planning.

In addition to services for employees, First Sun EAP also offers valuable services for employers. Human Resource personnel and managers can get consultation, professional training and support to assist with underperforming employees, risk management and other workplace concerns.

BlueChoice HealthPlan encourages all employers and employees to take advantage of the comprehensive services offered by First Sun EAP. First Sun EAP can be reached at 800-968-8143 or 803-376-2668 in the Greater Columbia area. Services can also be viewed on its Web site, [www.FirstSunEAP.com](http://www.FirstSunEAP.com).

If you have any questions, please contact your small group marketing representative.
