

## **BLUECHOICE HEALTHPLAN'S 2008 PHYSICIAN CONFERENCE**

BlueChoice HealthPlan held its annual Physician Conference over August 29-31. Over 120 physicians attended the three-day conference, which featured informative presentations on a variety of topics ranging from addictive disorders and childhood obesity to the future of medicine.

As a service to our network health care professionals, we have made audio and video versions of the following presentations from the conference available on our Web site:

- *Evaluation and Management of Childhood Obesity* by James R. Stallworth, MD
- *How to Intervene Effectively on the Spectrum of Addictive Disorders* by Paul H. Earley, MD, FASAM
- *A Taste of Tomorrow's Medicine* by Thomas J. Morrow, MD
- *2008 Drug Update* by C. Wayne Weart, PharmD, BCPS, FASHP
- *Update on Treatment and Management of Osteoporosis* by William C. Logan Jr., MD, AGSF

We encourage primary care physicians, OB/GYNs and other specialists to visit our Web site at <http://www.bluechoicesc.com/providers/resources/clinicalresources/2008physicianconference.aspx> to access streaming video of each presentation and download podcasts of each, along with the accompanying handouts.
