## Focusing On What Matters

Regular vision care for your child is important. Besides helping your child maintain the best vision possible, routine eye exams can uncover a variety of health conditions, such as diabetes, thyroid disease, metabolic syndrome and other illnesses.

## **Your Benefits**

Your pediatric vision benefits\* allow you excellent vision coverage through the Physicians Eyecare Network (PEN). Physicians Eyecare Network is an independent company that offers a vision provider network on behalf of BlueChoice HealthPlan.

Your vision plan includes one comprehensive routine vision exam and one pair of glasses or contact lenses per benefit period.

For more information, visit www.BlueChoiceSC.com.

## How your benefits work

- Once your pediatric vision coverage is in effect, you can visit or call a participating provider. To find a vision provider near you, visit www.BlueChoiceSC.com.
- Identify yourself as a member by presenting your BlueChoice® member ID card.
- Receive services or materials and pay the applicable copayment and any other out-of-pocket costs to the provider.
- The provider files the claim on your behalf.

Focus on life. Focus on health. Stay focused.

<sup>\*\*</sup>We cover necessary contact lenses in full for members who have specific conditions for which contact lenses provide better visual correction.
