

Focusing on What Matters

Vision benefits give you important health insights beyond helping with vision correction. It's a fact: Eye doctors are likely to spot signs of chronic conditions such as hypertension, high cholesterol and diabetes before other health care providers.¹

With our vision plan, you have access to the right mix of in-network providers — including independent eye doctors and popular retailers such as LensCrafters®, Target Optical® and Pearle Vision®. You can even use your benefits online at Glasses.com, ContactsDirect.com, LensCrafters.com, TargetOptical.com, Ray-Ban.com, and Oakley.com. Good vision is important. That's why we stay focused on eye care.

How Your Benefits Work:

1. Once your vision coverage is in effect, you can visit or call a participating provider. To find a vision provider, visit www.BlueChoiceSC.com/FindCare.
2. Identify yourself as a member by presenting your BlueChoice HealthPlan member ID card.
3. Get services or materials and pay the applicable copay and any other out-of-pocket costs to the provider.
4. The provider files the claim for you.

EyeMed Benefits at a Glance

Coverage includes:

- A \$0 copayment for one routine eye exam every benefit year.
- Up to \$40 for one standard contact lens fitting or 10 percent off the provider's nonstandard contact lens fitting fee per benefit year.
- A \$60 materials allowance towards frames and a \$120 materials allowance towards contact lenses every two benefit years. Plan allows the member to receive either contacts and frame, or frame and lens services, with no limits on frame or lens selection.
- A 40 percent discount off the purchase of additional, complete pairs of eyeglasses, and a 15 percent discount on conventional contact lenses once the funded benefit has been used.

Please note that members must visit a provider in the EyeMed network to receive this benefit. Costs incurred from these services do not count toward maximum out-of-pocket expenses. These benefits are nonessential.

To locate an in-network eye doctor, please visit www.BlueChoiceSC.com/FindCare.

Focus on life. Focus on health. *Stay focused.*
