## **Migraine Action Plan**

You can feel more in control, especially when migraines take you by surprise. Learn to recognize your triggers and warning signs. Work with your doctor and know exactly what to do.

My Migraine Headaches	My Personal Goals		
Signs that I have a headache coming on	☐ Get fewer headaches		
	□ Avoid Emergency Room		
Things that set off my headache	☐ Be pain-free		
Things I can do to better manage my migraine	Be able to do and enjoy normal activities		
	Other		

## **My Medicine List**

Medicine	When to take it	How much to take	Does it work?	

## **Key Reminders When Taking Medicines**

- Take relief medicine at first sign of pain
- Take preventive medicine daily to reduce number of headaches
