

# Self-Administered Drugs

October 1, 2020

**Please Note: The drugs on this list *must* be filled under the pharmacy benefit and are not covered under the medical benefit.**

Most members' pharmacy benefit requires them to have prescriptions for specialty drugs filled by BriovaRx, our preferred specialty pharmacy. BriovaRx is a specialty pharmacy service provided by OptumRx, an independent company that provides pharmacy benefit management services on behalf of our health plans. If a prior authorization is required for these drugs, please call **855-811-2218**.

This list may change or expand from time to time without prior notice.
