

## Participating Laboratories

Effective Nov. 1, 2015, BlueCross BlueShield of South Carolina and BlueChoice HealthPlan of South Carolina began using Avalon Healthcare Solutions to administer a comprehensive suite of laboratory benefit management services to promote patient access to affordable, high-quality health care. Avalon is an independent company that provides benefit management services on behalf of BlueCross and BlueChoice®.

To ensure the lowest cost to your patients, please send BlueCross and BlueChoice members' testing to in-network laboratories only and remember to always check for preauthorization requirements on genetic testing, cytogenetic testing and molecular pathology codes. BlueCross and BlueChoice expect all providers to use in-network laboratory resources whenever possible.

Here is a list of the current BlueCross, BlueChoice and Avalon participating laboratory providers as of Nov. 1, 2019:

APPROVED LABORATORIES	AFFILIATION	SPECIALTY
