

## Group Prefixes Requiring NovoLogix Prior Authorizations

Updated June 6, 2019

BlueCross BlueShield of South Carolina and BlueChoice HealthPlan require prior authorization for certain medical specialty drugs through NovoLogix, the CVS/caremark online prior authorization tool, for certain members. CVS/caremark is an independent company that provides pharmacy benefits management on behalf of BlueCross and BlueChoice®. NovoLogix is an industry-leading software system that assists in managing drugs reimbursed under the medical benefit. This tool is a web-based application available with single sign-on access through My Insurance Manager<sup>SM</sup>.

These group prefixes may require prior authorization for certain medical specialty drugs:
