

## In-Office Approved Labs

You can perform these labs in your office without prior authorization and bill them to BlueChoice or you can send them to other network participating labs.

81000 - Urinalysis	82947 - Glucose	86308 - Mono
81001 - Urinalysis	82948 - Glucose	86403 - Rapid strep test
81002 - Urinalysis	82950 - Post glucose dose	86580 - PPD
81003 - Urinalysis	82951 - Glucose tolerance test (OB office only)	87070 - Culture, nose or throat
81005 - Urinalysis	83518 - Amnisure (OB office only)	87081 - Culture, bacterial
81015 - Urinalysis	83986 - pH, body fluid, except blood	87210 - Wet prep
81025 - Urine pregnancy	84702 - hCG, quantitative	87220 - KOH prep
82042 - Urine	84703 - hCG, qualitative	87430 - Strep, group A, immunoassay, multistep
82043 - Urine, microalbumin, quantitative	85013 - Hct	87449 - Antigen immunoassay, multistep
82044 - Urine, microalbumin, semiquantitative	85014 - Hct	87480 - Candida, direct probe
82120 - Amines, vaginal fluid, qualitative	85018 - Hgb	87510 - Gardnerella vaginalis, direct probe
82247 - Bilirubin, total	85025 - CBC with differential	87797 - Direct probe, NOS
82248 - Bilirubin, direct	85027 - CBC without differential	87804 - Influenza, direct optical observation
82270 - 82272 - Fecal occult blood	85048 - WBC	87807 - RSV (respiratory syncytial virus)
82465 - Cholesterol	85610 - Prothrombin time (PT)	87880 - Strep, group A, direct optical observation

## Stat Labs Menu

These stat labs must be sent any network participating labs. Prior authorization may be required for some labs through Avalon Healthcare Solutions. Avalon is an independent company that provides utilization management of certain lab procedures on behalf of BlueChoice.

80048 - Basic Metabolic Panel, Serum	82248 - Direct Bilirubin, Serum	84460 - SGPT, Serum
80051 - Electrolytes (Sodium, Potassium, Chloride, CO2), Serum	82310 - Calcium, Serum	84484 - Troponin
80053 - Comprehensive Metabolic Panel, Serum	82374 - CO2, Serum	84520 - BUN, Serum
80076 - Hepatic Function Panel, Serum	82435 - Chloride, Serum	84702 - Beta HCG, Quantitative, Serum
80156 - Carbamazepine, Serum	82552, 82550 - CPK	84703, 81025 - Beta HcG, Qualitative, Serum or Urine
80162 - Digoxin, Serum	82553, 82550 - CKMB/Total	85014, 85018, 85041, 85048 - CBC (only)
80178 - Lithium, Serum	82565 - Creatinine, Serum	85025 - CBC with Platelets and Differential
80184 - Phenobarbitol, Serum	82947 - Glucose, Serum or Plasma	85048, 85004 - Differential (only)
80186 - Dilantin, Serum	83690 - Lipase, Serum	85049 - Platelets (only)
80198 - Theophylline, Serum	83735 - Magnesium, Serum	85060 - Pathology Review of Differential
81001 - Urinalysis with microscopic	84075 - Alkaline Phosphatase, Serum	85610 - Prothrombin Time
81003 - Urinalysis (without microscopic)	84132 - Potassium, Serum	85651 - Sedimentation Rate
82040 - Albumin, Serum	84155 - Total Protein, Serum	85730 - Partial Thromboplastin Time
82150 - Amylase, Serum	84295 - Sodium, Serum	86308 - Mononucleosis
82247 - Total Bilirubin, Serum	84450 - SGOT, Serum	87205 - Gram Stain

You can initiate prior authorization requests with Avalon by calling 844-227-5769 or by faxing 888-791-2181. For more information and a list of applicable lab tests that require prior authorization through Avalon, please visit the Education Center at [www.BlueChoiceSC.com](http://www.BlueChoiceSC.com).
